

INVITATION

Deloitte, Ogilvy Renault & MaRS present the Cleantech in Canada Breakfast Seminar Series:

Water - The Next Big Wave

From energy and natural resources to transportation and waste management, the cleantech industry is generating exciting new opportunities for investments that make a difference in the world.

We hope you can join us for "Water—The Next Big Wave", in our continuing Cleantech in Canada seminar series, to hear from industry experts on key emerging opportunities, including EnviroTower and Siemens Water Technologies. This seminar series is offered in partnership by industry leaders Deloitte and Ogilvy Renault with MaRS Discovery District, a non-profit innovation centre connecting science, technology and social entrepreneurs with the tools they need to succeed.

We would like to acknowledge the assistance provided by XPV Capital.
